CALL FOR PAPERS

The 4th International Conference on Higher Education Learning Methodologies and Technologies HELMeTO2022

September 21-23, 2022

Palermo, Italy

<https://helmeto2022.unipa.it/>

The HELMeTO Conference aims at bringing together researchers and practitioners working in Higher Distance Education Institutions or studying Online Learning Methodologies to present and share their research in a multidisciplinary context. The conference provides a forum for the discussion of new research directions and applications in these fields, where different disciplines could effectively meet.

Participants will have the opportunity to exchange good practices and points of view about the future of methodologies and technologies regarding the online teaching-learning process. Moreover, a special focus will be done to the importance of mining useful knowledge from of the data generated on virtual learning environments and to the methods for improving the performances of the universities themselves.

The conference will include two main tracks:

- Online pedagogy and learning methodologies
- Learning technologies, data analytics and educational big data mining as well as their applications
